

Corn Replant Reimbursement Assurance Program

Program Description:

The FMC Corn Replant Reimbursement Assurance Program is designed to provide growers with additional protection from adverse weather and pest conditions when they use FMC brand products at-plant for their seed and seedling pest control in corn and soybeans.

Eligible products: Capture[®] LFR[®] insecticide, Capture[®] 3RIVE 3D[®] insecticide and Ethos[®] XB insecticide/fungicide, Ethos[®] 3D Insecticide/fungicide applied at-plant in corn and soybeans* at no less than minimum labeled rates.

- **Replant Assurance** – Growers are eligible through June 1, 2019, for reimbursement of 50 percent of the cost of an additional treatment with in-furrow brands listed above should the grower choose to replant due to weather-related conditions. For this replant reimbursement, growers must apply the additional treatment in full accordance with all label directions.

To be eligible, growers choosing to participate must contact their local FMC retail market manager or Star Retailer before selecting the coverage option and making additional applications of any qualifying FMC product.

Program Requirements:

1. Grower must provide receipts for proof of replant.
2. Products must be applied according to label use directions.

Program Period:	February 1, 2019 – June 1, 2019
Program Geography:	Continental USA
Claim Submission Deadline:	June 30, 2019
Program Payment Date:	Approximately 30 days after claim resolution.
