

# Hero<sup>®</sup> Insecticide Soybean Assurance Program

## Program Description:

An application of Hero<sup>®</sup> insecticide to soybeans is recommended for effective control of early-season soybean insects such as bean leaf beetles, stink bugs, soybean aphids, grasshoppers, cloverworms, soybean podworm, various caterpillars and Japanese beetle adults can cause significant yield reductions. Apply Hero insecticide at a rate of 5 oz./A or in a tank mix with post herbicides and/or fungicides to protect against these insects and to maximize your yield potential.

When Hero insecticide is applied at 5 oz./A and a second application is required for soybean aphids because of heavy or late infestations based on the soybean aphids exceeding 250 aphids/plant within 45 days as set forth below (such determination shall be made solely by an FMC representative or an FMC authorized agent), **FMC will reimburse up to \$3/A or the cost of the re-spray product, whichever is less for a second labeled application of one of the following eligible FMC insecticides:**

Eligible Re-Treatment Products	Application Rate	Program Payment Timing
Hero <sup>®</sup> insecticide	5 oz./A	30 days after claim submission
Mustang <sup>®</sup> Maxx insecticide	3.2 - 4 oz./A	
Dimethoate 4E insecticide/miticide	1 pt./A

# Hero<sup>®</sup> Insecticide Soybean Assurance Program

## Program Rules & Conditions:

1. FMC reserves the right to change any or all features of this program at any time
2. Assurance benefit is for product costs only. Application and other related costs are excluded from assurance payments
3. An authorized FMC representative must be notified of a claim prior to the established deadline and have a reasonable opportunity to inspect prior to any additional product applications. The authorized FMC representative must confirm inadequate product performance
4. Proof of purchase is required. Only FMC branded products purchased from FMC Authorized distributors or retailers and reported by Data Dimensions are eligible for payment under this program
5. Only product purchased for resale to growers is eligible for payment under the terms of this program
6. FMC reserves the right to audit all claims. Misreported sales of any type are a clear violation of this program and will be subject to audit and possible forfeiture of any and all program benefits
7. FMC is in no way liable or responsible for any grower failure to pay the retailer
