

# Topguard® EQ Fungicide Corn and Soybean Performance Assurance Program

## Program Description:

The Topguard® EQ fungicide Corn and Soybean Performance Assurance Program is designed to help growers realize the benefits of season-long disease control and plant performance enhancement with one application of Topguard EQ fungicide at a range of timings to meet their convenience demands. By combining a highly systemic, fast-acting strobilurin with the longest-lasting triazole, Topguard EQ fungicide provides you with extended fungicide benefits in corn and soybeans. Whether applying by ground or air, an application of Topguard EQ fungicide protects your investment, improves plant health and maximizes return on every acre with just one application.

If a Topguard EQ fungicide application made according to the recommendations below does NOT maintain commercially acceptable control of labeled diseases versus an untreated check, FMC will provide the material's cost up to original purchase price of Topguard EQ fungicide to be used toward the cost of retreatment.

Qualifying Product	Assurance Benefit	Minimum Application Rate	Application Stage
Topguard EQ fungicide	Topguard EQ fungicide to be used toward the cost of retreatment.	5 fl. oz./A	Soybeans R1-R4 Corn V8-R4

- **Do not use an adjuvant when applying Topguard EQ fungicide on corn treated between the V8 and VT growth stages.** An adjuvant may be used at all other timings in corn and in all timings in soybeans.
- Apply in a minimum of 10 gallons per acre total spray volume by ground and 2 gallons per acre by air.
- Please consult the Topguard EQ fungicide product label for more detailed recommendations.

**Program Period:** June 1, 2019 to September 15, 2019  
**Program Geography:** Nationwide excluding California  
**Claim Submission Deadline:** September 1, 2019  
**Program Payment Date:** 30 days after claim submission to FMC

## Topguard® EQ Fungicide Corn and Soybean Performance Assurance Program

### Program Rules & Conditions:

1. FMC reserves the right to change any or all features of this program at any time.
2. Assurance benefit is for product costs only. Application and other related costs are excluded from assurance payments.
3. An authorized FMC representative must be notified of a claim prior to the established deadline and have a reasonable opportunity to inspect prior to any additional product applications. The authorized FMC representative must confirm inadequate product performance.
4. Proof of purchase is required. Only FMC branded products purchased from FMC authorized distributors or retailers and reported by Data Dimensions are eligible for payment under this program.
5. Only product purchased for resale to growers is eligible for payment under the terms of this program.
6. FMC reserves the right to audit all claims. Misreported sales of any type are a clear violation of this program and will be subject to audit and possible forfeiture of any and all program benefits.
7. FMC is in no way liable or responsible for any grower failure to pay the retailer.
