

PROTECT YOUR SEED INVESTMENT FROM THE START.

FMC is at the forefront of crop protection innovation, so you can be too. Our 3RIVE 3D® application system protects your seed investment with added in-furrow protection on top of any seed traits and treatments you choose.

As part of the FMC Freedom Pass program, growers who commit to and purchase minimum qualifying volumes of 3RIVE 3D formulated products in any combination qualify for a 3RIVE 3D application system at **no initial cost**. Growers have a maximum of three years to meet total volume commitments.

WITH MINIMUM PURCHASE VOLUMES OF QUALIFYING 3RIVE 3D BRAND PESTICIDES

PLANTER ROWS	YEAR 1	YEAR 2	YEAR 3	TOTAL VOLUME
<p>≤32 ROWS</p>	<p>x105</p>	<p>x105</p>	<p>x105</p>	<p>315 GALLONS</p>
<p>>32 ROWS</p>	<p>x150</p>	<p>x150</p>	<p>x150</p>	<p>450 GALLONS</p>

GO ABOVE AND BEYOND SEED TRAITS AND TREATMENTS.

The 3RIVE 3D application system saves you time, fuel, labor, water and worry as it delivers additional protection to your most valuable corn or soybean input investment.

- The compact tank easily mounts to all major planter brands.
- Water and product mix in the applicator, no measuring or mixing required.
- Mixture expands up to 50X to deliver early in-furrow protection.
- Eliminates saddle tanks, reduces refills and trips through your fields.
