

2020 Anthem® MAXX Herbicide Corn Assurance

Program Description:

Anthem® MAXX herbicide for corn provides long-term residual activity with excellent broad-spectrum grass and small-seeded broadleaf performance. Anthem MAXX herbicide has great flexibility and can be utilized preplant, preemergence and early postemergence in corn, and will provide an additional two to three weeks of weed control on grasses and small-seeded broadleaves beyond other corn residual herbicides.

Growers that follow the guidelines of the **2020 Anthem MAXX Herbicide Corn Assurance** at the minimum specified rates will be eligible for an assurance payment up to \$10/A if the FMC recommendation does not maintain commercially acceptable 90% control of labeled weeds versus an untreated check. Any assurance claim must be reported within 30 days of last application.

FMC CORN HERBICIDE RECOMMENDATIONS				
Program	Preemergence	Early Post	Minimum Rate Requirements	Assurance Payment
<i>Two-Pass Program</i>	Anthem MAXX herbicide + atrazine	mesotrione or dicamba + atrazine	<p>4 fl. oz./A of Anthem MAXX herbicide + 1 lb./A of atrazine</p> <p>followed by</p> <p>3.0 fl. oz./A of mesotrione 4 SC herbicide or dicamba 0.25-0.5 lb. ae + 0.5 lb./A of atrazine + labeled rates of glyphosate or glufosinate herbicide</p>	Up to \$10/A

2020 Anthem® MAXX Herbicide Corn Assurance

Program Period:	January 1, 2020 - June 30, 2020
Program Geography:	Nationwide U.S.
Claim Submission Deadline:	June 30, 2020
Program Payment Date:	30 days after claim submission to FMC

Program Rules & Conditions:

1. Products must be applied according to label use directions.
2. FMC reserves the right to change any or all features of this program at any time.
3. FMC is not responsible for weeds not controlled by partner chemistries or postemergence products that are not FMC brands that fail to control labeled weeds or for control of weeds resistant to chemistry that is intended for their control.
4. Assurance benefit is for product costs only. Application and other related costs are excluded from assurance payments.
5. An authorized FMC representative must be notified of a claim prior to the established deadline and have a reasonable opportunity to inspect prior to any additional product applications. The authorized FMC representative must confirm inadequate product performance.
6. Proof of purchase is required. Only FMC branded products purchased from FMC authorized distributors or retailers and reported by Data Dimensions are eligible for payment under this program.
7. Only products purchased for resale to growers are eligible for payment under the terms of this program.
8. FMC reserves the right to audit all claims. Misreported sales of any type are a clear violation of this program and will be subject to audit and possible forfeiture of any and all program benefits.
9. FMC is in no way liable or responsible for any grower failure to pay the retailer.
