

2021 Topguard® EQ Fungicide Corn & Soybean Performance Assurance

PROGRAM DESCRIPTION:

The **Topguard® EQ Fungicide Corn and Soybean Performance Assurance** program is designed to help growers realize the benefits of season-long disease control and plant performance enhancement with an application of Topguard EQ fungicide at a range of timings to meet their convenience demands. By combining a highly systemic, fast-acting strobilurin with the longest lasting triazole, Topguard EQ fungicide provides you with extended fungicide benefits in corn and soybeans.

If a Topguard EQ fungicide application made according to the recommendations below does NOT maintain commercially acceptable control – 85% reduction in severity vs. non-treated check – of labeled diseases, FMC will provide the material’s cost up to original purchase price of Topguard EQ fungicide to be used toward the cost of retreatment with either Topguard EQ or Lucento® fungicides.

Qualifying Product	Assurance Benefit	Minimum Application Rate	Application Stage	Retreatment Options
Topguard EQ fungicide	Reduction in disease severity by at least 85% vs. non-treated check.	5 fl. oz./A	Soybeans R1-R4 Corn V8-R4	Topguard EQ fungicide 5.0 oz./A OR Lucento fungicide 5.0 oz./A

- Do not use an adjuvant when applying Topguard EQ fungicide on corn treated between the V8 and VT growth stages. An adjuvant may be used at all other timings in corn and in all timings in soybeans.

- Apply in a minimum of 10 GPA total spray volume by ground and 2 GPA by air.

**** For crops planted after the local crop insurance full-coverage planting date, this assurance only applies for corn applications at VT or later, and soybeans treated at R3 or later.**

Program Period: June 1, 2021, to September 15, 2021
Program Geography: Nationwide excluding California
Claim Submission Deadline: September 15, 2021
Program Payment Date: 30 days after claim submission to FMC

2021 Topguard® EQ Fungicide Corn & Soybean Performance Assurance

PROGRAM RULES & CONDITIONS

1. An authorized FMC representative must be notified of a claim prior to the established deadline and have a reasonable opportunity to inspect prior to any additional product applications. The authorized FMC representative must confirm inadequate product performance.
2. Assurance benefit is for product costs only. Application and other related costs are excluded from assurance payments.
3. Proof of purchase is required. Only FMC branded products purchased from authorized FMC distributors or retailers and reported by electronic reporting methods are eligible for payment under this program.
4. Only product purchased for resale to growers is eligible for payment under the terms of this program.
5. FMC reserves the right to audit all claims. Misreported sales of any type are a clear violation of this program and will be subject to audit and possible forfeiture of any and all program benefits.
6. FMC is in no way liable or responsible for any grower failure to pay the retailer.
7. FMC reserves the right to change any or all features of this program at any time.

To learn more, visit ag.fmc.com, call your local FMC representative or our customer service center at 800-346-0833.
